EDUCATION

B.Tech in Electronics and Communication Engineering

Coochbehar Government Engineering College

08/2019 – 08/2023

- **Grade: 9.2**
- **Graduation Year: 2023**

Jalpaiguri Government Girls' High School

Higher Secondary and Secondary Education

2018, 2016

- **Percentage: 83.2**

PROFILE

- **Github** 🔗
  Open source contributor at Github.
- **dev.to** 🔗
  Put my knowledge in words through technical blogs.

SKILLS

Programming Languages
(Over 5000 lines:
JavaScript, HTML,CSS)
(Over 1000 lines:
C, C++, Java)

Frameworks, SDKs, Libraries
Bootstrap, ReactJS, Redux, NodeJS, ExpressJS

IDEs & Software Packages
Visual Studio Code, NPM, yarn

Tools & Utilities
Git, Github, Postman

Database
MongoDB

COURSES

Geo-data sharing and Cyber Security (IIRS) 🔗

PROJECTS

Click Shop

ReactJS, React-Redux, NodeJS, ExpressJS, MongoDB

- Created a full-fledged **MERN e-commerce** platform.
- Utilized **React and Redux** for a dynamic user interface and efficient state management. Used **MongoDB** for storage.
- Secured with **jwt authentication.**
- Implemented user **registration**, **authentication**, and **secure password reset** functionality.
- Designed email notifications for registration confirmation and password reset using **Nodemailer.**
- Integrated **Cloudinary** for secure storage and retrieval of product images.
- Developed an **admin panel** enabling easy product, user, and order management.
- Incorporated **Stripe payment gateway** for secure and smooth payment processing.
- Demonstrated skills in **MERN stack**, React, Redux, user authentication, cloud-based storage, admin dashboards, and payment gateway integration.
